

Educator's Workshop

UMASS Lowell
Olsen Hall – 3rd floor
Saturday, November 7, 2009
10am-1pm

Come to a free workshop to learn about building robots and how to include them in your teaching. At this workshop you will:

- Interact with other teachers who have already used robots.
- Build and program your own robot creature.
- Receive advanced instruction for experienced users.
- Receive information about available funding for robotics programs!

Please RSVP by completing and returning this registration form.
You can email the form as an attachment to: robots@cs.uml.edu or you can fax it to
Phyllis Procter at 978-934-3551.
