

# Want a new way to engage your students in learning?

Bring robotics to  
your classroom

*And...*

Sensors to your  
science class!

Come to a **free workshop** to learn about building robots and how to include them in your teaching.

- Build and program a robot creature
- Interact with other teachers who have already used robots.
- Advanced instruction available
- Educators only, no children
- **Funding Available!**

*Also:*

- *New module on data collection and visualization*

**Saturday, November 7, 2009**

**10:00am to 1:00pm**

UMass Lowell

3<sup>rd</sup> Floor, Olsen Hall

Register by Nov. 1 at

[robots@cs.uml.edu](mailto:robots@cs.uml.edu)

Please include your name, school name, school location, subject, grade(s) and email address
